#### Marnie Yeates Nature Photography Competition

The club has elected not to run the competition this year, HOWEVER we will do so in 2012 and are forming a sub committee to organize and coordinate this. We need an additional 2 or 3 members to help out. Please see a committee member if you are interested.

#### SEPTEMBER MEETING

This month we will be having presenter on portraiture. AND - If you attended the low light/light painting night at Korora organised by Daniel, please bring them along on a memory stick OR email to Garth prior to the meeting (same email address as for digital image entries)

#### CLUB MEMBERSHIP RENEWAL

A reminder that your membership renewal for 2011-2012 was due last month. If you haven't paid, don't forget to see Colin, our Treasurer at the meeting.

#### Meetings in the Auditorium

Following our successful trial of the data projector in the club Auditorium, all meetings for the rest of the year will be held there.

#### Meeting raffle

Don't forget to bring your loose change/goldies to the monthly meetings and get yourself a raffle ticket or two, to be in the running for a nice prize.

#### *Dynamic Image Composition*

*Most image compositions look more interesting if the main subject is not exactly in the middle of the picture. As a rule of thumb you should respect the following: split the picture horizontally as well as vertically in three thirds ('Golden cut') making nine squares of equal size. Have the main subject so that it is in one of the intersecting points of the lines. You will usually have a more dynamic effect than placing the subject in the image center. In addition, if your subject e.g. is a person or an animal, you should always place them in the picture in such a way that they look in and not out of the picture.*
