Photos in bad weather

Coffs offers great opportunity to get shots straight after a rain shower, while the sky is darkened and cloudy shoot foliage at slower shutter speeds, the green leaves look vibrant and water droplets can add interest.

Jump in the car, at the edge of storms when the sun is driving through there could be a dramatic shot - exposure and composure .

Running waterfalls, an angry storm brewing, you'll miss some great shots if you just stay inside.

Volunteers needed

Each year for the past 9 years we have had an exhibition for the Marnie Yeates Nature Competition. We would like to form a committee of interested helpers – to lighten the load, as this will be the last year. Comn' lets organize the best competition this town will have this year. It is held later in the year at the Bunker Cartoon Gallery. Anyone interested?

We would like to display the winning photos from each month on our web site. So, if you have a first, second or third, please send a small version of your photo (300 pixels on largest side) to our web co-ordinator,

Lindsay at bosco2@mysoul.com.au
